

# What can Barrow's buildings tell us about the history of our town?

Start

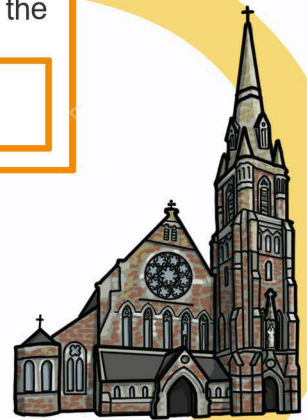

1

James Ramsden  
Statue

**Spot it!**

A circular window, in  
the side of the church,  
with a four leafed  
flower shape in the  
middle.  
This shape is  
a quatrefoil.

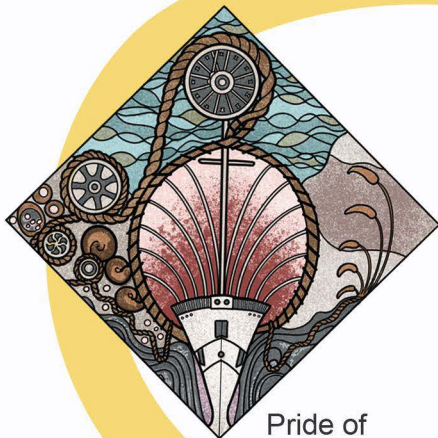

2

St Mary's Catholic Church

**Spot it!**

Silver plaques on the  
side of the metal  
fence on your right.  
What do they say?  
They are a clue  
to another of  
our stops!

3

Pride of  
Barrow Mosaic

**Spot it!**

A post box! What are  
the two letters in  
squiggly writing on  
the box?  
(They are the initials  
of the person who  
was king at the time  
the post box  
was put  
there!)

4

Willie Horne  
Statue

**Spot it!**

Old telephone boxes  
as you leave  
the alley onto  
Abbey Street.

**Spot it!**

Look down some of  
the side streets to  
your left. See simple,  
terraced houses  
built for the workers  
that came to  
work in  
Barrow.

Trail Map  
and  
Script!

6

Furness Railway  
/ Old Co-op

Spot it!

The grand looking  
Nan Tait Centre, once  
Barrow Technical  
School, and the  
Salvation Army  
Building. Any clues  
about  
when they  
were built?

Spot it!

Pretty bay window  
(one that sticks out)  
above H & F Estate  
Agent and Coffee  
Shop. What does  
the pattern  
remind you  
of?

Spot it!

A large metal piece  
of street art. Follow  
the arrow  
to your  
next stop!

7

Spirit of  
Furness Statue

8

Town  
Hall

Spot it!

The building called The  
Forum. What is  
this venue  
used for?

Spot it!

A white and black  
building on the other  
side of Duke Street.  
This was once  
Sankey's photography  
shop. The Sankey's  
took 100's of  
photos of  
Barrow in the  
early 1900s.
