What impact did invaders have on Huddersfield?

Hunting Lodge Discoveries

By the end of the 13th century, the motte and bailey castle on the hill in Almondbury was being used as a hunting lodge by the De Lacy family and their friends.

The reason we know this is by the discovery of several items found within the well which sits within the upper fortified area.

Look carefully at some of the discoveries below. Use the reference images which show hunting lodges from that time period, to decipher what you think the items were.

Hunting Lodge Discoveries

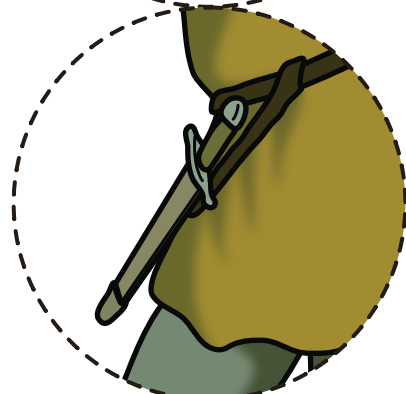

Cut and stick each item to its correct description.

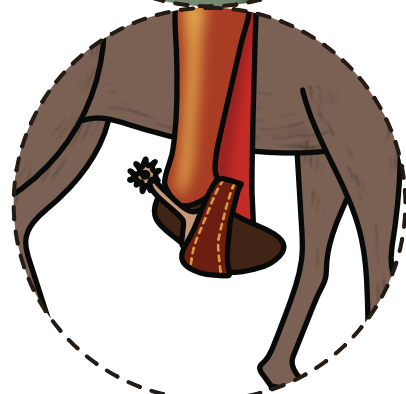

This is a bronze blade fragment. It would have been part of a larger blade used to cut food or as a defensive tool.

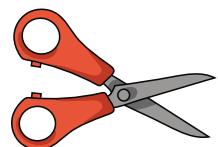

This is an iron hawk bell. This would have been attached to the ankle of a hawk to keep track of it's location in the sky.

This is an iron arrowhead. It would have been attached to a wooden stick and fired using a bow.

This is an iron horse spur. This would be attached to the side of a saddle to prod the horse to move faster or to slow down.

Who are Historic England?

Historic England protect, champion and save the places that define who we are and where we've come from as a nation. We care passionately about the stories they tell, the ideas they represent and the people who live, work and play among them.

At [Historic England Education](https://www.historicengland.org.uk/education) we want every child to be inspired by their local heritage and every teacher to have brilliant resources to use inside and outside the classroom.

Our Heritage Schools programme aims to help school children develop an understanding of their local heritage and its significance to make sure that:

-  Children develop a sense of pride in where they live
-  Children understand their local heritage and how it relates to the national story
- ☒ Teachers are more confident in making effective use of local heritage resources in delivering the curriculum
-  Local historic context is embedded in the school's curriculum
-  Heritage providers are more connected to the needs of local schools
-  Parents are engaged in their children's learning
-  Communities are more deeply involved in the life of the school
