## Who were the first people to live in the area? Answers

### Mapping Norfolk Significance Activity

An Iron Age hilltop fort once existed at this location due to its close proximity to a stream and open vantage point.

Warham Camp

The site of 900,000 year old footprints which belonged to an ancient human species - the Homo antecessor.

Happisburgh

The site where a huge Iron Age hoard was discovered. It included various objects made from rare metals, including torcs and a unique Iron Age helmet.

Snettisham

The site where a huge Bronze Age hoard was discovered. It included over 145 pieces of metalwork, including spear heads, axes and swords fragments.

Norwich

Eaton

Arminghall Henge

The site of Neolithic mine shafts. Over 433 shafts were dug here to mine flint from deep underground.

Grimes Graves

The site of a Neolithic wooden henge (now gone). It had an important ceremonial and lunar function, similar to Stonehenge.

After correctly matching each description to the area on the map, discuss which site you believe is the most significant.

# Local History

Historic England and Teacher's Pet have come together to bring you a collection of free resources that you can use in your local history teaching.

## **Who are Teacher's Pet?**

Teacher's Pet have been providing downloadable and playable educational content to early years and primary school teachers for over 14 years. We cover all areas of the curriculum and use a team of in-house teachers and designers to create engaging and memorable concepts, that the children will love.

## **Why local history?**

At [Teacher's Pet](#) we want to empower primary school teachers by giving them the tools they need to deliver inspiring and thoughtful lessons about the local area and its history. We believe local history teaching has such an important part to play in a child's wellbeing – helping to give children a sense of pride in where they live.

Our Local History project is designed to provide teachers across the UK with everything they need to successfully carry out a full scheme of teaching about their local area, through key enquiry questions and source led activities.

Working with [Historic England](#) gives us access to archived maps and photos for resources and information from knowledgeable local historians, as well helping us to provide the content to you free of charge.

For more information about our Local History project or to find out more about Teacher's Pet Classroom Resources, please visit our website.
